MK Curriculum

Designed by MOE curriculum specialists and educators with experience in early childhood education and primary school curriculum

Anchored on our **belief** that children are **joyful, curious, active and competent learners**

Guided by key teaching and learning principles in **MOE's Nurturing Early Learners Framework**

Distinctive Singapore flavour for children to learn in meaningful contexts

Strong emphasis on holistic development and learning of two languages through **two flagship programmes** HI-Light and Starlight (EL & MTL) Programmes

MK Curriculum

The two-year MK curriculum is intentionally designed to ensure that our children are ready to move on to primary school and for life-long learning.

Develops **ownership of learning, joy of self-motivated learning**, confidence and positive dispositions towards learning

Ensures continuity in pedagogy
e.g. Use of shared-book approach (SBA) in both Starlight (EL) and Stellar (P1-P3)

Develops **responsibility, acceptable behaviour, focus and self control**

Centre programmes **reinforce key knowledge, skills and dispositions** covered in flagship programmes & nurture positive learning dispositions

Puts at the forefront **values, social and emotional competencies and learning dispositions &** focuses on **holistic development** to ensure children are ready to move to primary schools, and lay the foundation for lifelong learning

MK Curriculum

At MK, we believe in **developmentally-appropriate teaching and learning practices** while ensuring **readiness for learning in primary school and beyond**.

Developed hand
(about age 7)

5-year-old

For example, MK children are given ample opportunities to strengthen their finger muscles, hand-eye coordination and core body strength. They are also given many meaningful opportunities to practise writing and copying. However, hand maturation and dexterity takes time and is dependent on each child's physical development (e.g., whether hand skeletal structure is fully developed to shape letters properly). Hence, it is not expected for all children to be able to perfect their penmanship skills by the end of K2.

When we go according to children's pace and provide them with meaningful contexts to learn and practise, they will have the joy of learning and be better able to draw connections and apply their learning appropriately.

We encourage parents to support your children's learning based on their pace of development!

HI-Light Programme

Designed to support **holistic development** of children by nurturing in them:

- Values, social and emotional skills, positive attitudes to learning and executive functioning skills
- Knowledge and skills across the following five learning areas through an **integrated approach**:
 1. Aesthetics and Creative Expression
 2. Discovery of the World
 3. Health, Safety and Motor Skills Development
 4. Language and Literacy
 5. Numeracy

Starlight Literacy (EL and MTL) Programme

Designed to nurture **early childhood bilingualism** in English and Mother Tongue Language (Chinese, Malay, Tamil)

- Focuses on developing children's interest in language learning, listening, speaking and early reading and writing skills
- Uses Big Books, songs and games set in the local context to make learning fun and meaningful
- Provides opportunities for children to communicate in EL and MTL with confidence and be aware of local tradition and customs
- Encourages families to be involved in activities to enthuse children in language learning

Weeks of Wonder (WoW)

Designed to promote **collaborative, self-motivated learning**

- Children will work together with their friends to investigate topics that interest them that culminates in a WoW project at the end of each term.
- Through the projects, they learn decision-making, collaborative, communication and problem-solving skills.
- In a year, children complete 2 WoW projects in English and 2 in their Mother Tongue Language.

Conducive and stimulating classroom environment to promote holistic development

Role play materials provide a context for children to use language and develop communication skills

Variety of manipulatives to support development of fine motor skills, spatial awareness and problem-solving skills

MOE Kindergarten Fee

- The monthly fee for MK in 2026 is:
 - o \$160 for Singapore Citizens
 - o \$320 for Singapore Permanent Residents
- Fees are also payable during the school holidays in June and December as fees are calculated on an annual basis and spread over 12 months.
- There are no additional out-of-pocket costs for complementary programmes such as field trips.

Kindergarten Fee Assistance Scheme (KiFAS)

About the Early Childhood Development Agency (ECDA)

ECDA, hosted under the **Ministry of Social and Family Development (MSF)**, is the regulatory and developmental agency for the early childhood sector in Singapore. ECDA oversees key aspects of children's development below the age of seven across both private kindergartens and childcare centres.

What is ECDA KiFAS?

The Kindergarten Fee Assistance Scheme (KiFAS), which is **administered by ECDA**, is a means-tested subsidy to assist families in subsidising kindergarten fees.

Eligibility Criteria

- Child must be a Singapore Citizen and
- Gross monthly household income of \$12,000 and below or per capita income of \$3,000 and below for larger families (5 or more family members who are related by blood, marriage, and/or legal adoption, and who share the same registered residential address

Kindergarten Fee Assistance Scheme (KiFAS)

The KiFAS subsidies for the various household income tiers are outlined below:

Gross Monthly Household Income	Gross Per Capita Income	KiFAS Subsidy
\$3,000 and below	\$750 and below	\$159
\$3,001 - \$4,500	\$751 - \$1,125	\$148
\$4,501 - \$6,000	\$1,126 - \$1,500	\$105
\$6,001 - \$7,500	\$1,501 - \$1,875	\$85
\$7,501 - \$9,000	\$1,876 - \$2,250	\$65
\$9,001 - \$10,500	\$2,251 - \$2,625	\$45
\$10,501 - \$12,000	\$2,626 - \$3,000	\$15

* Based on the MK School Fee of \$160 per month and subject to a minimum co-payment amount from the parents.

For info: As mentioned in PM's 2026 Budget Speech, the income eligibility of preschool subsidies will be raised from 1 Jan 2027. More information will be shared by MSF/ECDA in due course.

Kindergarten Fee Assistance Scheme (KiFAS)

Minimum Attendance Requirement

- The child must **attend at least one day per month** at the kindergarten to receive subsidies, unless a valid medical certificate (MC) covers the entire month's absence (subject to ECDA's approval)..
- Failure to meet the attendance requirement will result in the full kindergarten fee being payable for that month.

Modular Activities

Purpose of the Modular Activities

- Provide opportunities for children to develop confidence, social skills and values such as responsibility, care and respect
- Provide opportunities for continuity of children's experiences in different areas of interest across a week.

Art and Craft

- Children will get to immerse themselves in the rich array of resources that will allow them to unleash their imagination and creativity through a variety of art and craft activities.
- Children experiment and explore with the resources and create different art forms. Children get learn about colours, prints and patterns, 2D and 3D art.

Cookery

- Children will engage in sensory experiences of seeing, touching and smelling different kinds of food. The resources are chosen to encourage them to explore different ways of preparing food.
- Children will develop self-help skills and independence as they prepare the food and clean up after each activity. In Cookery, children will also learn about healthy eating.

Gardening

- Children develop responsibility by taking care of the plants in the school and through routines such as watering the plants, weeding and maintaining the garden.
- They also get to discover the world by exploring nature using their five senses.

Music, Movement, and Dramatisation

- Provides opportunities for children to express themselves.
- Children get to dramatise familiar stories in different ways through shadow play, hand puppets, mask and animal figurines.
- They will also use movement and dance, creating their own props and stories, enabling them to develop confidence and social skills.

Sand and Water Play

- Provide children given opportunities to make use of the open-ended resources and tap their imagination to play, explore and discover new concepts such as properties of sand and water.
- The different resources will allow them to engage in exploratory play as well as develop social skills.

Tinkering

- Children get to explore and be curious about the resources and items provided for and around them.
- They get to discover how things work by taking things apart, creating and building their own inventions and testing out their creations, thus honing their creativity and problem-solving abilities.

A Smooth Transition to MK

Kindergarten 1 (K1) Orientation

- You and your child will be invited to an orientation session before the start of the K1 year, where you will meet with the kindergarten teachers and classmates. This will take place sometime in Oct / Nov 2026. More information will be shared at a later time.
- This session will help to familiarise your child with the new learning environment in the MK.

First Day of School

- For the first day of school, you are welcome to accompany your child to the MK to help him or her through the routines in the kindergarten.
- Teachers at the MK will keep a look out for children who experience adjustment challenges and work together with the parents to support the child's transition to the new learning environment.

Partnering Families & the Community

Strong partnerships with families and the community enrich children's learning experiences

- Effective communication
- Active engagement
- Meaningful collaboration

School-Home Partnership

Our children do best when schools and parents work hand in hand to support them.

Guidelines for School-Home Partnership

Raising a Happy, Confident, and Kind Generation Together

Note for schools:

For more information that can be included in this section, please refer to the notes section.

3 areas we can work together on to foster School-Home Partnership

1 Respectful Communication

2 Role Models

3 Real Connections

Respectful Communication

Foster kind words and actions between schools and educators

Listen to and understand each other's perspectives and concerns regarding each child

Communicate kindly using official channels. Teachers are not required to share their personal mobile numbers

Respect each other's time by communicating during working hours

Note for schools: For more information that can be included in this section, please refer to the notes section.

Role Models

Show our children the skills and values they need for life

Find joy in everyday experiences with our children

Instill confidence by encouraging responsibility and believing in our children's abilities

Model good values in words and actions

Check out this video on MOE YouTube for tips on how parents can support the social-emotional learning of their children.

Note for Schools: For more information that can be included in this section, please refer to the notes section.

Real Connections

Cultivate strong relationships and healthy habits in this digital age

Establish good habits for our children to stay confident and in control of their technology use

Build strong bonds through shared experiences and meaningful conversations

Provide a balanced mix of engaging online and offline activities, at school and at home
